ASSIGNMENT

WHEREAS, I, Brandon Shane Skidgel, of 11617 South Mulberry Lane, Jenks, OK 74037 ("Assignor"), have invented certain new and useful improvements in an invention entitled "Apparatus and Method for Remotely Sharing Information and Providing Remote Interactive Assistance via a Communications Network," set forth in a United States provisional patent application naming the above identified inventor for the above entitled invention as identified by the attorney docket number given above; and

WHEREAS, Ivory Holdings, LLC, a limited liability company formed under the laws of the State of Oklahoma, having an address of 2448 East 81st Street, Suite 2800, Tulsa, OK 74137 ("Assignee"), is desirous of acquiring the entire right, title and interest in said invention, in said application, and in any Letters Patent or Patents, United States or foreign, to be obtained therefrom;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I, the said Assignor, and by these presents do assign, sell, transfer and set over, unto the said Assignee, its successors, legal representatives and assigns, the entire right, title and interest in and to the above mentioned invention, applications for Letters Patent, and any and all Letters Patent or Patents in the United States of America and all foreign countries which may be granted therefor and thereon, including all rights to claim priority, and in and to any and all divisions, continuations, and continuations-in-part of said application, or reissues or re-examinations of said Letters Patent or Patents, and all rights under the International Convention for the Protection of Industrial Property, the same to be held and enjoyed by the said Assignee, for its own use and behoof, and the use and behoof of its successors, legal

representatives and assigns, to the full end of the term or terms for which Letters Patent or Patents may be granted, as fully and entirely as the same would have been held and enjoyed by the Assignors, had this sale and assignment not been made.

And for the same consideration, the said Assignor hereby covenants that no assignment, sale, agreement or encumbrance has been or will be entered into which would conflict with this assignment.

And for the same consideration, the said Assignor hereby covenants and agrees to and with the said Assignee, its successors, legal representatives and assigns, that the said Assignor will, whenever counsel of the said Assignee, or the counsel of its successors, legal representatives and assigns, shall advise that any proceeding in connection with said inventions, or said applications for Letters Patent or any proceeding in connection with Letters Patent for said inventions in any country, including interference proceedings, is lawful and desirable, or that any division, continuation or continuation-in-part of any application for Letters Patent, or any reissue or extension of any Letters Patent, to be obtained thereon, is lawful and desirable, sign all papers and documents, take all lawful oaths, and do all acts necessary or required to be done for the procurement, maintenance, enforcement and defense of Letters Patent for said inventions, without charge to the said Assignee, its successors, legal representatives and assigns, but at the cost and expense of the said Assignee, its successors, legal representatives and assigns.

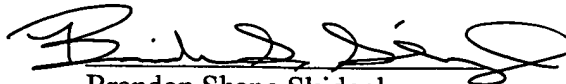

And the said Assignor hereby requests the Director of the United States Patent and Trademark Office to issue said Letters Patent of the United States to the said Assignee, as the Assignee of said inventions and the Letters Patent to be issued thereon for the sole use and behoof of the said Assignee, its successors, legal representatives and assigns.

In connection herewith, Assignee, its successors, legal representatives and assigns hereby agree to indemnify, defend and hold harmless Assignor from and against any and all losses, costs, damages, penalties, claims, and/or causes of action of any kind arising from or in connection with the use by Assignee, its successors, or assigns of the invention, Letters Patent and/or any rights assigned hereunder, whether known or unknown, and whether heretofore or hereinafter arising.

Subject to Assignee's intellectual property rights, including without limitation rights under patent, copyright, and trade secret laws, and further subject to Assignor's confidentiality obligations to Assignee, including without limitation obligations arising under contract and employment law, nothing in this Agreement shall be construed to restrict or prohibit Assignor from using and applying any general skills, expertise, and software design techniques and methods of general application gained by Assignor prior to the date of this Agreement.

EFFECTIVE this 28<sup>th</sup> day of October, 2003.

  
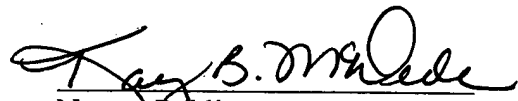

Brandon Shane Skidgel
